

Responsible Tourism Policy Statement for

Weathericks & Bradstones Holiday Cottages

We recognise that the protection of the environment in which our business is based and the community that it serves (locally and globally) are integral to the future of our business.

We are committed, therefore, to protecting the environment and working with local people, our suppliers and our customers to enhance the positive impacts of our business. In particular, we will:

- Work to reduce the carbon emissions associated with our activities
- Reduce water and energy consumption from our day-to-day activities
- Reduce the amount of waste and redouble our efforts to recycle
- Review the items we buy to identify those that have minimal negative environmental impacts
- Ensure our buildings are maintained in a sustainable and energy efficient manner
- Work with others to protect the environment and heritage that provides a unique backdrop for our business
- Continue to work to protect the habitats of our native birds and wildlife
